** Aimed at educating more residents on their duties and responsibilities as well as bringing to light their role in a well governed city, NBF launched the Govern Right, Govern Responsibly (GRGR) Charter with an objective to spur many resident associations to effectively get involved in the community and ensure improving the quality of life in their surrounding neighborhoods and at a Pan Bengaluru level.

The GRGR Charter reflects the deep concerns of citizens, resident welfare associations and community based organizations for the city of Bengaluru and sets an agenda for public participation and accountability. In an initiative to take true ownership of the city, the GRGR campaign, a conglomeration of several resident associations, got together and registered what is now formally known as The Bengaluru Residents' Associations' Confederation Ensemble®.

GRGR Charter to be revised periodically, taking in suggestions from members. To know more about the GRGR campaign, visit www.namma-bengaluru.org.
