Subj.: **UNAUTHORISED COMMERCIAL ACTIVITY IN RESIDENTIAL AREA – Ward No 177**

Dear Sir,

Reference is made to our representation dtd 19/12/2016 & 26/09/2014 (Copy Enclosed). And several representations by the local residents on various dates and also report from the Joint commissioner (Health) BBMP (Copies Enclosed) for more than FIVE years, we regret to bring it to your kind attention that no positive action is being initiated to give relief to the residents of the area to live peacefully.

From the correspondence it can be seen that we have been reminding both the Health & Engineering Depts of BBMP several times with no positive action being initiated against the law violators, in spite of various decisions of Hon'ble High Court and the directions from the competent authorities, no serious action is being taken and no preventive legal measures are being initiated to prevent the law violator from circumventing the law,

Hence it is earnestly requested to kindly look in to the matter seriously and ensure that the action is initiated at the earliest and give long awaited relief to the residents

Also order an enquiry regarding the lapses of the BBMP officials
Thanking you and anticipating an early positive action & response

Yours Sincerely

(Ravindra Nath Guru)
Coordinator – CAC
